ENVIRONMENTAL POLICY STATEMENT

Leask Marine Ltd offers a combination of vessel charter, commercial diving, marine consultancy, and marine construction services providing a complete marine solution for our clients.

The company recognises that environmental issues are of fundamental importance for a successful and responsible business strategy. Therefore, we are committed to meeting and exceeding the expectations of our clients through continual, measured improvements in our environmental performance. The environmental impact of our work activities will be minimised by preserving, protecting, and improving (where possible) the environment, and by the prevention of pollution.

The directors have accountability for this Policy, and the appointed supervisors will be responsible for its implementation. The Company will make all the necessary resources available to ensure successful environmental management. The company will provide the necessary guidance and documentation through:

- Accepted Company environmental procedures
- Adequate instruction, information, and training.
- The effective implementation and strict enforcement of this Company Policy.

The company will analysis its environmental aspects and impacts, to maintain effective environmental management procedures. These procedures are used to ensure, as a minimum, that legal requirements are met, along with industry best practice. In addition, this analysis will allow the company to set specific targets and objectives to ensure ongoing continual improvement.

The Company will ensure that environmental considerations are considered throughout its sphere of operations. The company will expect the full co-operation and commitment of its employees, clients, and where applicable sub-contractors in meeting the requirements of this Policy.

A copy of this Environmental Policy Statement will be prominently displayed at all sites and workplaces and will be made available to all interested parties; and will be reviewed annually to ensure it reflects the businesses current priorities, plans and targets.
